

APPENDIX 15-A

**FAST TRACK CLEANUP
SITE SCREENING FORM**

Interim Final

HAWAII DEPARTMENT OF HEALTH HAZARD EVALUATION AND EMERGENCY RESPONSE OFFICE FAST TRACK CLEANUP

SITE SCREENING FORM

Fast Track Cleanup (FTC) is a Hawai'i Department of Health (HDOH) Hazard Evaluation and Emergency Response Office (HEER Office) program designed to enable landowners or other private parties to conduct a voluntary investigation or cleanup under a simple agreement with HDOH, without requiring multiple work plan and interim report submittals, while still receiving concurrence on the final site status of no further action. The focus of FTC is to streamline and expedite the assessment, cleanup, and no further action determination process at removal action sites.

The first step of the process requires that the applicant complete this site screening form. The HEER Office will use the screening form to confirm site eligibility and to schedule a scoping meeting with the applicant. Eligibility is not determined by the phase or status of the site assessment or cleanup; sites can enter FTC during any phase of the assessment or cleanup process.

GENERAL SITE INFORMATION

Participant Name	
Phone	
Email	
Site Name	
Site Address	
Site Status/Background	
Reason for Entering FTC	
Goal for Exiting FTC	
Estimated Start Date	
Estimated Completion Date	

FTC is intended to be inclusive of most sites; the eligibility criteria on the following page will enable the HEER Office to determine if the site is eligible for FTC. The following sites are not eligible for FTC:

- A site listed or proposed to be listed on the National Priorities List (NPL) pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA);
- A site with respect to which an order or other enforcement actions has been issued or entered under CERCLA and is still in effect;
- A site where the United States Coast Guard has issued a federal Letter of Interest;
- A site that is subject to corrective action under Subtitle C of the Resource Conservation and Recovery Act (RCRA) or Chapter 342J;
- A site that is under the jurisdiction or oversight of the HDOH Solid and Hazardous Waste Branch, including the UST Program.
- A site that poses an imminent and substantial threat to human health, the environment, or natural resources as determined by HDOH.

Interim Final

SITE ELIGIBILITY FACTORS

Eligibility Factors	Yes	No	Unknown
Is there a known or suspected contaminant release?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is an investigation or cleanup already governed by a current state, local, or federal agency?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is contamination known to or likely to cross property boundaries?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Does soil contamination have a high likelihood of migrating to surface water or groundwater?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is groundwater contamination considered significant or is contamination in a drinking water aquifer?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is the site adjacent to sensitive communities or residences?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is the site adjacent to sensitive ecological receptors?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Would site cleanup decisions have a significant impact on the local community and thereby require public review or comment?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Does the site have sensitive current or future land use, such as a school or day care, or unrestricted access such as a public recreational area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Additional Comments or Notes:

Each of these conditions will be assessed on a case-by-case basis. The HEER Office will contact the applicant no later than 1 week following submittal of this screening form to schedule a scoping meeting to discuss site eligibility, project goals, objectives, technical resources and guidelines, and schedule.
